

ONLINE GROWTH PLAN – 2026

GET FOUND. GET BOOKED.

A practical 90-day plan to build Shane's online presence, rank on Google, and attract more GAA players in Derry and Northern Ireland.

FIRST 90 DAYS

QUICK WINS

Five actions with the biggest impact in the shortest time. Most of these Shane can action himself — no developer needed.

1 SET UP GOOGLE BUSINESS PROFILE

WEEK 1 — HIGHEST PRIORITY

Create and verify a free profile at business.google.com. This puts SOC Fitness on Google Maps and in local search results. Set the category to “Personal Trainer”, add service area (Derry, Strabane, Limavady, Coleraine), write a description using the phrase “GAA personal trainer in Derry”, and upload photos of Shane training clients. Post a weekly update to stay active in the algorithm.

2 COLLECT 5 GOOGLE REVIEWS

WEEKS 1-4

Contact existing clients directly and ask for a Google review. Five genuine reviews can move SOC Fitness into the local map pack — the three results that appear above everything else in a local search. Ask clients to mention “GAA”, “Derry”, or a specific result they achieved (e.g. “improved my speed before county championship”).

3 LAUNCH WEBSITE WITH 3 CORE PAGES

WEEKS 1-3

The three pages that matter most at launch: Homepage (mention Derry and Northern Ireland naturally), Services page (separate sections for 1:1 PT, Online Coaching, Small Group PT), and an About page with Shane’s name, story, and credentials. These three pages are the minimum SEO foundation before any other content is worth creating.

4 PUBLISH FIRST 2 BLOG POSTS

WEEKS 2-6

Two posts should go live as soon as possible: “The 12-Week GAA Pre-Season Strength Plan for Club Players” and “How Many Days a Week Should a GAA Club Player Train in the Gym?” These are most likely to rank quickly and be cited by AI tools like ChatGPT and Google AI Overviews. Full blog plan on the next page.

5 LIST ON 4 KEY DIRECTORIES

WEEKS 2-4

Submit SOC Fitness to [Bark.com](https://www.bark.com), [Yell.com](https://www.yell.com), [DistinguishedTeaching.co.uk](https://www.distinguishedteaching.co.uk), and [StarOfService.co.uk](https://www.starofservice.co.uk). Use the exact same business name, address, and phone number on each. Takes one afternoon and builds the early search credibility Google looks for in a new business.

TIMING NOTE

GAA players search most for training plans and coaches between October and January — the pre-season window. Getting the website and Google Business Profile live before September means SOC Fitness can capture that demand in year one.

THE SOC PLAYBOOK

BLOG CONTENT PLAN

15 posts to write over the next 6 months. Posts marked ★★ ★ should be written first — they target players who are ready to book or actively researching a coach.
